

Responsible Disclosure Policy

Data security is a top priority for Amperon, and Amperon believes that working with skilled security researchers can identify weaknesses in any technology.

If you believe you've found a security vulnerability in Amperon's service, please notify us; we will work with you to resolve the issue promptly.

Disclosure Policy

- If you believe you've discovered a potential vulnerability, please let us know by emailing us at info@amperon.co. We will acknowledge your email within 7 days.
- Provide us with a reasonable amount of time to resolve the issue before disclosing it to the public or a third party. We aim to resolve critical issues within 30 days of disclosure.
- Make a good faith effort to avoid violating privacy, destroying data, or interrupting or degrading the Amperon service. Please only interact with accounts you own or for which you have explicit permission from the account holder.

Exclusions

While researching, we'd like you to refrain from:

- Distributed Denial of Service (DDoS)
- Spamming
- Social engineering or phishing of Amperon employees or contractors
- Any attacks against Amperon's physical property or data centers

Thank you for helping to keep Amperon and our users safe!

Changes

We may revise these guidelines from time to time. The most current version of the guidelines will be available at <https://amperon.co/responsible-disclosure.pdf>.

Contact

Amperon is always open to feedback, questions, and suggestions. If you would like to talk to us, please feel free to email us at info@amperon.co.

Disciplinary Action

Employees who violate this policy may face disciplinary consequences in proportion to their violation. Amperon management will determine how serious an employee's offense is and take the appropriate action.

Responsibility

It is the CTO's responsibility to see this policy is enforced.
